

## Interpreting Your AEPA Score Report

### 1 Reporting of Scores

Your scores are automatically reported to the Arizona Department of Education. The Arizona institution(s) listed receive your scores as you indicated during registration.

### 2 Status

If you received a scaled total test score of 240 or above, you will receive a "Passed" status.

### 3 Objective- and Subarea-Level Reporting

This section provides information about the number of questions associated with each objective and subarea, as well as the percentage of those questions that you answered correctly.

### 4 Performance Graph

Your performance on each objective is indicated by the graphic display. This information may help you understand your areas of strength and weakness. Interpret this information with caution since each objective includes a relatively small number of items.

### 5 Scaled Total Test Score

If you did not meet the minimum passing score, your numeric score will be reported and you will receive a "Not Passed" status. Your total score is based on the number of selected-response questions you answered correctly. Your total test score is then converted to a scaled score.

## ARIZONA EDUCATOR PROFICIENCY ASSESSMENTS®

Individual Score Report  
Administration Date: November 16, 2020

FIRST M LAST  
123 SAMPLE DRIVE  
ANYTOWN, ST 12345

**1** → Your results will be reported to the Arizona Department of Education and the following Arizona institution you indicated on your registration:  
• Xxx Xxxxxx Xxxxxxx - Xxxxxx

---

**2** → **Test: 45 Earth Science**  
**Status: Passed**

The Arizona Educator Proficiency Assessments (AEPA) were developed specifically for use in teacher credentialing. To preclude the use of AEPA scores for purposes other than credentialing (e.g., employment, assignment) scores of passing candidates are not reported.

### SELECTED-RESPONSE QUESTIONS

Test	Number of Questions	Questions Correct
45 Earth Science		
<b>Test Date</b> November 16, 2020		
Subarea/Objective	Number of Questions	Questions Correct
<b>I. Characteristics of Science</b>		
0001 Study of Earth and space science	4	75%
0002 Nature of science and scientific inquiry	3	100%
0003 Principles and procedures of scientific investigations	4	75%
0004 Gathering, organizing, reporting, and analyzing scientific data	4	100%
0005 How Earth and space science interrelates	3	100%
Total	18	89%
<b>II. Origin and Evolution of the Earth System</b>		
0006 Formation and structure of the Earth	4	50%
0007 Plate tectonics and the internal dynamics	3	100%
0008 Earth's history, the geologic time scale	4	100%
0009 Processes that create and change landforms	2	100%
Total	13	85%
<b>III. Geologic Materials, Processes, Cycles</b>		
0010 Physical and chemical properties of Earth materials	4	100%
0011 Minerals and rocks	3	100%
0012 Volcanoes	4	100%
0013 Earthquakes	3	33%
0014 Geochemical cycles	4	100%
Total	18	89%
